DR. HOOFLAND'S CELEBRATED GERMAN BITTERS,

PREPARED BY DR. C. M. JACKSON, AT THE GERMAN MEDICINE STORE,

120 Arch Mreet, Philadelphia. Their power over the above diseases is not excelled, it equalled, by any other preparation in the United States as the cures attest, in many cases after skilful physicians

had failed.

These Bitters are worthy the attention of invalids. Possessing great virtues in the rectification of diseases of the Liver and lesser glands, exercising the most scarching powers in weakness and affections of the digestive organs, they are, withal, safe, certain and pleasant.

"A GREAT MEDICINE"

"We have u-if-my refriined from recommending to the public any of the various Patent Medicines of the day, unless thoroughly convinced of their value. Among those we consider worthy of notice is the German Bitters, invented by Dr. Hoofland, and prepared by Dr. Jackson, in Philadelphia. One instance in particular, in which the superior virtues of this medicine have been tested, has fallen under our observation. During the last summer, a son of Mr. Abraham Brahill, of this country, was very seriously afflicted with Liver Complaint, and after trying in vain various remedies, he purchased a bottle of the Bitters and after using it, was so much relieved of his distressing malady that he procured another bottle, and is restored entirely to health.

ady that he procured another bothe, and is restored entired by to health.

READ FURTHER A FEW FACTS.

The "Philadelphia Democrat," the teading German journal of Philadelphia. The editor said, Nov. 24th—

"We again call attention to the removal of the German Medicine store, the principal depot for the sale of Dr. Hoofland's German Bitters, from 278 Race to 120 Arch street, one door below Sixth. Owing to the increased demand for this medicine, and for the accommodation of his numerious patients, Dr. Jackson has been compelled to occupy a larger store. We wish him success in his new quarters, he is deserving of it. The Bitters Mixture is without doubt the grantest medicine extant for diseases of the Liver and Bowelst. A subborn case of Chronic Diarrhosa has come under our notice, wherein the patient had exhausted the Materia Medicas of the different schools of medicine with no apparent benefit. He was induced to use these bitters, and a few bottles of them have entirely cured him: Many ach cases we could refer to. We hope our readers with recollect this great restorative, should they be so unforumate as to require its use. Dr. Jackson passesses the original unpublished receipt of Dr. Hoofland, and he prepares this medicine with this care. Those purchasing should call at his store, or see that his name is written upon the this medicine with this care. Those purchasing should call at his store, or see that his name is written upon the wrapper outside, and blown in the bottle, as imitations of all good articles are common."

It is made after a prescription furnshed by one of the most celebrated physicians of modern times, the late Dr. Christopher Withelm Hoofland, Professor to the University of Jena. Private Physician to the King of Prussia, and one of the greatest medical writers Germany bas ever produced. He was emphatically the enemy of humbug, and therefore a medicine of which he was the inventor and endorser may be confidently relied on. He specially recommended it in liver complaint, dyspepsia, dshility, vertigo, acidity of the stomach, constipation, and all complaints arising from a disordered condition of the stomach, the liver and the intentines. Nine Philadelphia papers express their convicu disordered condition of the stomach, the liver and the in-testines. Nine Philadelphia papers express their convic-tion of its excellence, and several of the editors speak of the effects from their own individual experience. Under these circumstances we feel warranted not only in calling the attention of our renders to the present proprietor's (Dr. G. M. Jackson's) preparation, but in recommending the ar-ticle to all afflicted."

Evidence upon evidence has been received (like the foregoing) from all sections of the Union, the last three years, and the strongest testimony in its favor, is, that there is more of it usep in the practice of the regular Physic ansof Philadslphia than all other rostrums combined, a fact that can easily be established, and fully proving that a scientific preparation will meet with their quiet approval when presented even in this form.

That this medicine will cure liver complaint and dyspepta, no one can doubt, after using it as directed. It acts

Consumption can be Cared!: DR. ROGERS' COMPOUND SYRUP OF LIVERWORTAN TAR

For the cure of Consumption and all Diseases of the Lungs and Breast. FROM DR. HIRAM COX. Late Buffessor in Cincinnati Eclectic Medical

College
Mr. A. L. Scovill: However reluctant I have been to permit my theme to be attached to patent medicine, I consider it a dut; to the community to state that in these cases of incipient consumption, viz: Miss Bell, Miss Barger, and Mr. R. H. Cox, one of our Giv - ouncil, that Dr. Rogers' Liver-wort and Paroperated more like a specific than like any other remedy, that I ever used. One of the cases, viz: Miss Bell, pronounced by several Physicians to be laboring under the last stage of Scrolulous Consumption. She is now in good health, from the use of a few bottles of the above HIRAM COX, M. D. syrup.

Concurati, Jan. 25, 1847.
FROM THE HON. JUDGE HENRY MORSE Mr. A. Scovili: I am well acquainted with Dr. Hiram Cox and his practice, he baying been my physician for many years, and can cheerfully say that I have as much confidence in his skill as any HENRY MORSE. man living.

Cincinnat', Nov. 8th, 1847. Despair not though your Physicians and Friends

give you up to die!!! Your condition cannot be more helpless than

that of Mrs. Rowe. This is to certify that I was taken with a pain in my side and breast, attended with a distressing cough, and for the space of one year grew rapidly worse. Although I had in attendance three physicians, one of whom was considered very skillful, all of their efforts proved alike unavailing. At last one of the physicians came ir, and decided that I could not live more than one day longer! All of my friends believed that a few days at most would end my earthly career.

My brother at this crisis, hearing of the astonishing cures made by Dr. Rodgers' Liverwort and Tar, went to Chillicothe, distant thirty miles, to procure the above medicine; and, strange to tell, before I had used half a bottle my cough was entire y cured, and when I had used two bottles I was able to attend to my family vocations as usual. HARRIET ROWE.

Mr. Merriweather writes as Follows:

Mr. A. L. Scovill, Dear Sir-Dr. Rogers' Liver wort and Tar came safe to hand. I have sold a number of bottles. I has met with great success. A young man of this place, supposed to have the consumption, has been entirely cured. 1. MERRIWEATHER.

The following certificate from one of the most distinguished physicians in Cincinnati, is entitled to great credit:
I feel constrained from a sense of duty to make the following statement—conscious that it may appear unprofessions. sional. Mr. Charles Wade, of t is city, was quite low with Pulmonary Consumption, for which I had been treating with less than usual success. At his request, and that of his triends, I permitted him to try Dr Rogers's Liverwort and Tar; and I must confess that its effects were really surprising. After using the second bottle my visits were discontinued, and he was soon restored to pealth. I do conscientiously reasonmend my brother practicates to prescribe this remedy in all pulmonary configures which haffly the ordinary made of tentions.

The sales throughout every city, town, and village in the United States, are without a paralle!!

A circumstance not surprising, when the vast amount of human suffering relieved by its use is considered. In spinal defects, the benefit usually is of the most decided character. In Nerveus Complaints, nineteen cases out of twenty read-ly yield to the penetrating stimula combined in this valuable preparation.

In Rheumatism, either acute or chronic, the claims of the Hebrew Plaster have long since been universally acknowledged. Those who are laboring under or k backs, no matter from what cause the weak-ess may inve originated—even if such persons have been misgaided in previous applications—in the use of the Hebrew Plaster they will find the affected part suddenly restored to its original will find the affected part suddenly restored to its original

As a supporter in cases of constitutional weaknes it will be found of great advantage. It is particularly recom-mended to females who are suffering from sudde Weak-ness, or general debility. In short, it ombraces all the virtues which the most scientific mind was capable of com pounding from valuable substances found in the old world and will be found entirely free from those objections which are a source of comp aint with the numerous spreadplasters now before the public.

Where this Plaster is applied, pain cannot exist. These Plasters possess the advantage of being put up in air-tight boxes, hence they retain their full virtues in all climates. We have just received the following testimonial from C. C. Sellers, an eminent lawyer in successful practice in Wilcox county, Alabama. He is a gentleman in high standing, and one whose influence has great weight:

Camden, Ala., Nov. 21, 1848.

Messrs. Scovil & Mead: Gentlemen—Having been requested to state what has been the result of my experience by the use of your Hebrew Plaster, I cheerfully comply, by bsaying that I have found it to be as heretofore recommended, an invaluable medicine. In different cases of my family I have applied the Plaster to chronic sores, tumors, and pains, and it has never failed to afford instant relief. I have also used it with good effect upon my own person, in the cure of ulcers, with which I have been severely afflicted.

Respectfully, etc.
